

Christmas Chaos!

Oh dear! Santa's elves have got into a muddle and delivered the wrong Christmas presents to four children. Can you use the clues to work out which present each child was given?

- 1 Amber was given some paints although she doesn't like painting!
- 2 Billy's gift did not start with a B
- 3 The child who got the doll has 5 letters in their name
- 4 Chloe will use her gift to get to school
- 5 The train set was given to the child with the shortest name
