

Dawpool C.E. Aided Primary School Home Learning Planner

Year Group: 5 Date: 11th January 2021

Daily message from your teacher

Good morning children to you and your families. I am so very sorry that 2021 has started with you having to learn from home. I will sincerely miss hearing all your Christmas news and seeing your lovely smiling faces in the classroom. Please keep well and stay safe.

I intended to begin today saying a very big thank you, in person, to you all for your amazing Christmas wishes, cards and generous gifts... I really did feel very overwhelmed on Christmas morning ... you are such a thoughtful and generous bunch. I really appreciate it. Willow also says a 'Woof' to you Orla for her dog treats! She was thrilled to bits with them. I've included a picture so you can all see how she has grown... Her puppy teeth are just beginning to fall out so I have to remember to wear my slippers!

Timetable:

Wake up -Shake Up

Today I have set you a Joe Wicks Wake up Workout. This is live at 9am but available to access at a time to suit you too. This will link you to The Body Coach TV site on YouTube. I hope you enjoy having a go.

[The Body Coach TV - YouTube](#)

Literacy:

Cracking Comprehension

Objective: To improve reading and understanding comprehension skills using a fiction text.

Maths:

Angles on a straight line

Objective: To know that angles on a straight line add up to 180 degrees.

To calculate the values of missing angles on a straight line.

ICT: Game Creator Lesson 1 Purple Mash

Objectives: To review and analyse a computer game.

To be able to describe some of the elements that make a successful game.

To begin the process of designing a game.

Tasks/ Activity

<p style="text-align: center;"><u>Literacy Comprehension Activity</u></p> <p>I have included a comprehension about a text called Stig of the Dump. Some of you might have read it. Read the text carefully and have a go at the questions. Remember to highlight key words in the question, and the relevant parts of the text in order to answer fully and accurately. When you have finished check and mark your answers just as we would often do in class. Remember to correct any mistakes using a different colour. Try to remember what your personal target for improvement was and work hard to achieve it this time. On your work give yourself a * to show what you have done well and a Wish showing what you hope to achieve next week.</p> <p>If you have time why not write some questions of your own about the text... perhaps you could test your parents or a sibling on their comprehension skills.</p> <p><u>Optional Task</u></p> <p>I've included a link to a Reading for Pleasure lesson. There is no expectation to complete this, but it's a lovely idea if you have time to take a look at it today or sometime this week.</p> <p>To develop reading for pleasure through personal reflection (thenationalacademy)</p>	<p>Date to complete</p> <p style="text-align: center;">11th January 2021</p>
<p style="text-align: center;"><u>Maths: Angles of a Straight Line</u></p> <p>Today I would like you to look at Lesson 3 White Rose Maths. You can access it using this link...</p> <hr/> <p>Year 5 - Week 10 - Lesson 3 - Calculating angles on a straight line - Bing video</p> <hr/> <p>When you have worked through the lesson please complete the sheet provided. The answers are provided so you can check your work afterwards... but please don't look at them until you are ready to check. Remember to correct any errors and take some time to check and learn from your mistakes.</p> <p><u>Extension</u></p> <p>If you wish to challenge yourselves and have the time, please look at the Powerpoint Presentation and work through the examples. Some further optional sheets have been included but there is no expectation for everyone to do them. We all work at different levels and speeds.</p>	<p>11th January 2021</p>

<p style="text-align: center;"><u>ICT Game Creator</u></p> <p>I thought you would enjoy looking at some games and making your own. Please open the Purple Mash booklet and work through lesson 1. You will find the planner in your Purple Mash 2Dos. Think about the features of the game example. You might like to make a note of what you like and what could be improved this will help you make your own game. .I will check your Purple Mash accounts to see how you are doing. I hope you have fun.</p>	<p>Please complete by 18th January 2021 ready for the next lesson</p>
<p>Good luck everyone. Please contact me via the Year 5 email if you need anything or even just to say, 'Hello,' and let me know you are okay.</p> <p style="text-align: center;">Thanks, Mrs Hosker</p>
