

Year 2

Week 14

Year 2 - Week 14

This week in a nutshell:

This week, questions which involve fractions from the Year 2 curriculum are introduced for the first time. This week, as well as being exposed to the fractions they have met in Year 1, children will be asked to find $\frac{3}{4}$ of a quantity.

Children will all continue to face questions which cover the full range of Year 2 addition, subtraction, multiplication and division.
